The real estate podcast: How AI and tech is changing real estate

📅 14 August 2023

Our real estate podcast series discusses how AI and tech are shaping the **real estate sector**. The podcast is a conversation between all things surreal and real in the industry.

Listen to our team discuss virtual reality, crypto, regulatory matters and more.

Real estate podcast introduction

Partner Sarah Parkinson and Trainee Solicitor Lavania Xavier explain the premise behind the podcast for the season ahead.
