Christian is an associate in our corporate tax team, working closely with our corporate team on the tax aspects of mergers and acquisitions, private equity transactions, company restructuring and trade disposals in addition to advising on real estate tax matters, employee share incentive schemes and stamp duty.

Assisting several departments of our firm on tax aspects arising on their transactions, Christian advises a wide variety of clients from public sector clients, such as local authorities, to various private sector clients.

Joining Browne Jacobson 2015, Christian has worked in several teams, including tax, corporate, real estate and commercial, prior to qualifying as a solicitor in 2019 and re-joining the tax team. During his training contract, Christian spent six months seconded to Capital One's contracts team, gaining valuable experience working as part of an in-house legal team.
