London Market Quarterly, Spring 2024: An eye on what the market needs to know

22 May 2024

Welcome to the Spring 2024 edition of 'London Market Quarterly'; a digest of cases, news and information for those working in the Lloyd's and London Market.

In this edition we look at recent and ongoing cases involving the Aviation sector arising from the Ukraine-Russia conflict, the Covid BI litigation, the Director and officers and the Energy sector.

We also look at the status of the Vesttoo fraud and consider some regulatory changes that are likely to impact the market.

As ever, if you would like to discuss any of the matters below, do not hesitate to get in touch with our London Market Team.
