

Commissioning Health Tech in an ICS World

We invite you to watch our on-demand webinar which looks into how healthtech is commissioned from a health and tech perspective.

02 March 2022

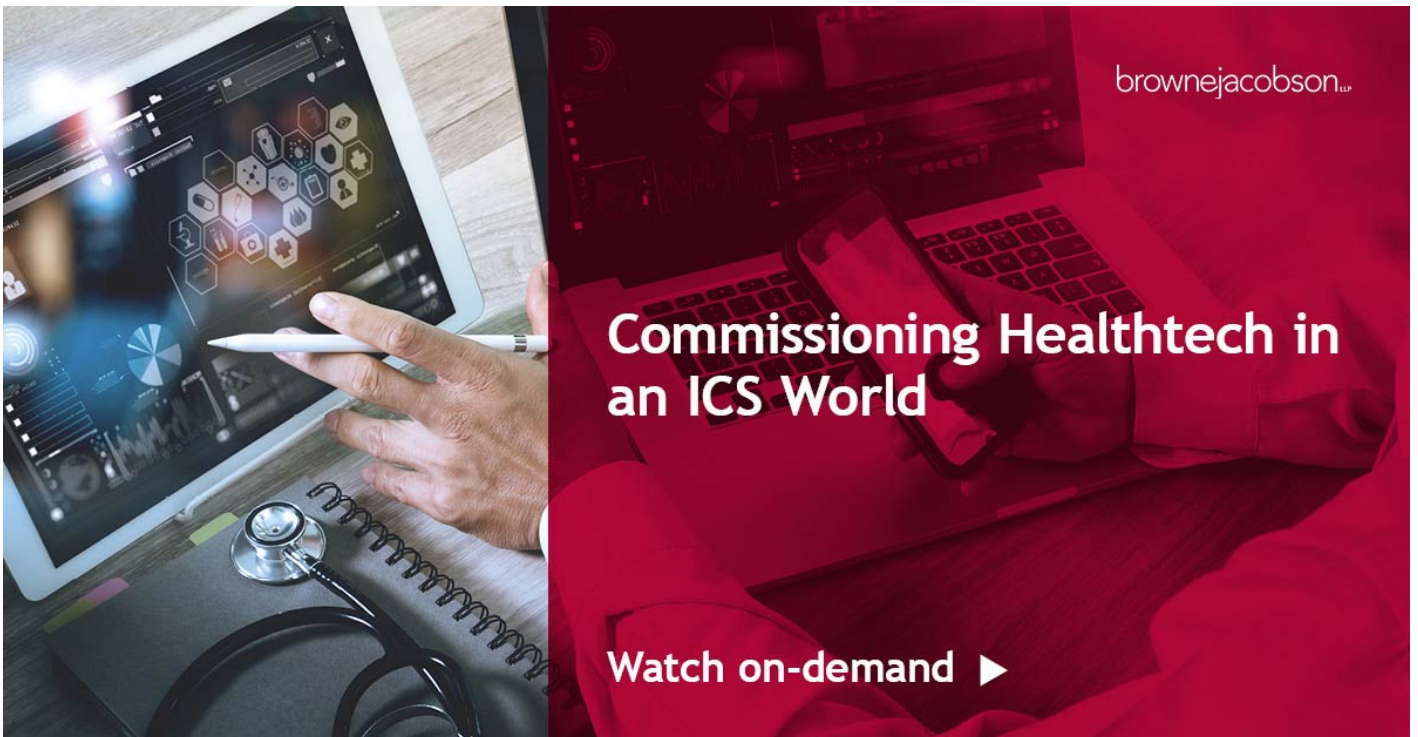

This webinar took place on Wednesday 02 March 2022 and is now available on-demand.

We invite you to watch our on-demand webinar which looks into how healthtech is commissioned from a health and tech perspective.

During the session, our speakers delivered short talks on the following subjects:

- ICBs provider collaboratives etc. And how contracts for technology may need to be varied, extended or procured as part of this restructuring - [Clare Auty](#) and [Rachel Whitaker](#)
- Key contractual considerations in procuring healthtech - [Kay Chand](#)
- IP considerations in commercialising - [Giles Parsons](#)
- A litigation perspective of IT contracting - [Sophie Ashcroft](#)

This on-demand session is of interest to those involved in the commissioning and procurement of healthtech, including IT, and those who provide healthtech to the sector - both public and private.
