

# Shared Insights: Perils and pitfalls of social media in the health and care sector

📍 Online

📅 13 May 2025

This session will focus on the risks arising from the use of social media and WhatsApp by both patients and staff in the health and care sector and the practical steps all organisations should be taking to mitigate those risks.

This will include:

- The use of WhatsApp and other messaging to share confidential data.
- Audio and video recording, both covert and otherwise, by staff and patients.
- The perils of social media.

The session will be chaired by Charlotte Harpin, Partner at Browne Jacobson who specialises in information law and data sharing.

Additional speakers will be confirmed shortly.

Delegates will have the opportunity to share challenges and examples of best practice and put questions to the speakers as part of this discussion.

This event is for in house legal teams, senior leaders, clinicians and professionals working in the health and care sector.
