

Public Matters - October 2021

Updates include the EV charging, force majeure, the National Disability Strategy and Pre-Action Protocol for Debt Claims.

26 October 2021

Welcome to our Public Matters Newsletter.

This month we have:

[Will councils be forced to install EV charging?](#)

Neil Kates reviews the current position on local authority EV charge points, and how the government is looking to solve infrastructure issues.

[Read more >](#)

[Contract termination in Covid-19 times](#)

The courts offer some guidance about the implied duty of rationality in the termination of contracts during Covid-19.

Scott Mounfield summarises the key points from Dwyer (UK Franchising) Ltd v Fredbar Ltd.

[Read more >](#)

[National Disability Strategy - a comprehensive, concerted plan or a missed opportunity?](#)

The Government's National Disability Strategy may have completely passed you by.

Victoria Curran outlines the key points, and why housing providers are advised to contribute to the consultations.
