James is an associate in our advisory and inquest team. He advises a range of public body clients in relation to several areas, including the Court of Protection (mental capacity), the Mental Health Act, serious medical treatment cases and inquests.

Having trained with the firm, James has undertaken secondments a key health client. Prior to joining the firm and specialising in advisory and inquests law, James previously worked in London at a think tank and in the in-house legal team at a global construction company.
