Natasha is a senior associate in the Construction team specialising in long-term projects including PFI/PPP contracts. Natasha is experienced in advising public sector clients particularly clients in local government and the health sector.

Advising clients on both contentious and non-contentious matters, Natasha’s experience includes the delivery of complex contract variations as well as navigating dispute resolution processes and advisory work including dispute avoidance. Natasha has a broad range of experience relating to projects in the energy, infrastructure, health and education sectors.

---

## Expertise

### Sectors

Arm's length bodies	Education	Health and life sciences
Central government	Energy and infrastructure	Local government
Construction	Engineering, procurement and construction	NHS acute trusts
Devolved administration	Government	NHS mental and community health trusts

---

## Featured experience

### Government Department

Various contractual disputes together with contract interpretation queries arising out of its trunk road contract, including (1) handback / expiry processes; (2) Alternative Proposals; (3) Department's Change process (service variations); (4) delegation of responsibilities to the Service Provider; and (5) Additional Work.

## **Local Authority**

A multi-million pound dispute with its service provider under a street lighting PFI agreement which has involved two adjudications and referring the matter to arbitration (with 23 issues to be determined).

## **Local Authority**

Undertaking adjudication proceedings in relation to maintenance obligations under a long-term maintenance contract.

## **NHS Trusts**

Advising numerous NHS hospital trusts regarding the operation of PFI hospital facilities including building defects, mechanical and electrical engineering issues and ongoing facilities management disputes.
